

**Justin Martin**  
**HOTC Operations Manager**  
**Sustainable Emerging Technologies**

Justin L. Martin received a bachelor's of science in Chemical Engineering from the University of Wyoming in 2012 and a Masters of Business Administration also from the University of Wyoming. Out of college he worked for Halliburton as a Completions Engineer, where he gained a multitude of experience working across the rocky mountain region and North Dakota. In 2013 he started working for Western Research Institute as a Senior Engineer in the heavy oil technology center. During his time at Western Research Institute, he has been involved in the design, operation, and evaluation of heavy oil partial upgrading technologies. In 2019 he was promoted to the manager of the Heavy Oil Technology Center.

He got married to his wife Skiy in 2009 and they were blessed with their son Brycen in 2014 and daughter Brynlee in 2015. Outside of work Justin is an avid outdoors man where he spends time fishing, hunting, and camping. During the summer he can often be found at the golf course, where he enjoys spending time with this family and teaching his kids how to play.
